GOD. DETROIT DIST

Dear Mr. Shakir:

Unfortunately, Mr. Evangelista is now recovering from eye surgery and although I have not been able to discuss your latest letter with him, I did not want you to think that he is ignoring your letter, and I am taking the liberty to respond until Mr. Evangelista is in a position to read and review your letter.

To assist Mr. Evangelista in reviewing the situation, will you please forward to him, and to me, a copy of Act 245 P.A. 1929 R2206.

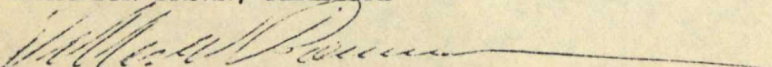

I personally went out to the site and I, like your inspection, was unable to view anything out of the ordinary on the land. Possibly, an explanation of "leachate" would be helpful.

You indicated that Dan Rooney and Larry Savage agreed to send all the information on file. It was not clear whether this information would be forwarded to your office or to Mr. Evangelista. May we assume that information will include information relative to the permit to fill, who issued it and who inspected the operation.

Although Mr. Evangelista desires to be cooperative, he can not understand why you are asking him to correct a situation that was created by someone other than himself, and that was permitted, regulated and inspected by a municipal or governmental body.

Very truly yours,

THOMPSON-BROWN, REALTORS

Mr. Hakim Shakir
Supervisor
Detroit District Office
Department of Natural Resources
Groundwater Quality Division
1120 South State Fair Avenue
Detroit, Michigan 48203

Dear Mr. Shakir:

Mr. Evangelista, owner of the land which is the subject of your above referred to letter, has asked me to respond to you with his comments.

Mr. Evangelista did not place, or allow to be placed, on the subject land any fill, trash or other materials. Anything that was done to alter the composition of the materials on the subject site was done prior to the acquisition of the site by Mr. Evangelista. Mr. Evangelista understands that the fill on the site prior to his acquisition was done under a permit and supervision of Farmington Township, now the City of Farmington Hills. He believes that there are certain materials and documents on file at the City of Farmington Hills relating to this site.

Mr. Evangelista has indicated his willingness to cooperate in any reasonable way, however he does not feel that he has any obligations to perform any work to repair something about which he had no control and that he did nothing to create.

Very truly yours,

THOMPSON-BROWN, REALTORS
